

Dominant bioclimates:

Code	Description	Cover (%)

Climate remarks:

### 3.2 Hydrology

Flow (hm<sup>3</sup>/year):

### 3.3 Geology / Geomorphology

## 4. Population, landcover and impacts

### 4.1 Population

Number of villages / towns of

< 1.000 hab.	<input type="text"/>
1.000-10.000 hab.	<input type="text"/>
10.000-100.000 hab.	<input type="text"/>
>100.000 hab.	<input type="text"/>
Year of recording:	<input type="text"/>

Population remarks  
(human population, density and seasonality):

### 4.2 CORINE Landcover Types

Cover (%)

Artificial surface	<input type="text"/>
Agriculture areas	<input type="text"/>
Forest / semi-natural areas	<input type="text"/>
Wetlands	<input type="text"/>
Water bodies	<input type="text"/>

LandCover remarks:

### 4.3 Global Impacts and Threats
